

ZEN Vibes February 2023

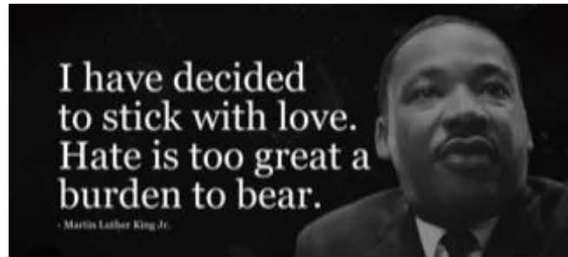

President's Corner

As we enter Black History Month, we remember the talented African American women who have come before us serving as trailblazers in multiple career fields including Science, Healthcare, Engineering, and Finance. People like Mary Kenner, inventor; Shirley Chisholm, US Congresswoman; Bylye Yvonne Avery – Activist (Healthcare); and Bianca Laureano – Sexologist remind us how important it is to serve our community and what it means to contribute to improvements for humanity.

This year, the ladies of Zeta Epsilon Pi will focus on therapeutic and mental health; financial wealth and improved family relationships strengthening the bond and love for us and for those with whom we can make an impact. We are focused on carrying the torch for women to follow for generations to come.

Sincerely,

Madame Founder Reisho, President

Member Spotlight:

This month we highlight one of our newest Sorors. Soror Bliss joined ZEN September 10, 2022, as the Ace of her line: **Equanimity**. Soror Bliss comes to us from El Paso, TX. She joined ZEN because she wants to highlight the role of a military wife. Bliss says, "The Army calls NCO's (non-commissioned officers) the backbone of the Army, but truly I believe that the wives are it! We keep it together at home so that the service members can focus on their mission." Soror Bliss and her husband Myral have two kids and has been married for 20 years. Soror Bliss and her family generously opened their home in January to host the ladies of ZEN and their spouses for a fellowship event. Soror Bliss credits not only her husband and kids, but also her parents and siblings as her daily motivation.
